

Thank you for your interest in the ML intern role at Crescer AI. Please follow these instructions to complete the initial screening round.

1. Download the dataset from [here](#)
2. Write a python script to fit a model to the given data and
3. Predict the value of y at $x = 50$.
4. Email your script and your prediction for y at $x = 50$ to ideas@crescer.ai under the subject line **Initial Screen Response**
